

- SC09 Regrading of the left bank of the Water of Leith will take place from the opposite bank of 15 Balmoral Place to the opposite bank of 16 Bell Place as typically detailed on sections 7 and 8 and as generally shown on the plans marked SC/106/01 and SC/106/02.
- SC10 A pump station will be constructed for the existing pipe outfall on the opposite side of the river from 21 Reid Terrace with approval from the relevant authority.
- SC11 A pump station will be constructed with the approval of Scottish Water for the existing 150mm diameter pipe that outfalls downstream of Liddesdale Place.
- SC12 Bell Place Bridge is to be replaced with a lifting bridge at the same location as the existing bridge.
